

Portable MV / MA Calibrator

Model no: PCAL- mV
PCAL - mVA

Display: 3 ½ digit, LCD display

Supply voltage: 9VDC - Battery operated

» Generates Voltage of range 0 - 200mv / 0 - 60.0mv & Measures Voltage of range 0 - 200mv DC signal adjustable by helipot (coarse & fine) - PCAL - mV

» Generates and measures signals of range 0 - 200mV & 0 - 20mA DC for current signal - PCAL - mVA.
